Harvest 2005:

SW MI Harvest completed for all intents and purposes. Quality very good, but volume down from expectations.

WC MI Quality Excellent. Fruit is good sized.

NW MI Quality Excellent. Too early to predict crop size.

OR Quantity extremely light. State seeking disaster relief.

PA Harvest complete. Quality good.

UT Harvest should start in week 4.

WI A very small quantity harvested in week 3.

WA Quality very good. Picking somewhat light of estimates.

USDA Tour, Aug. 1 - 4. USDA representatives from Commodity Procurement and FAS will tour MI to get first hand knowledge of the cherry industry.
