NW MI - Harvesting in earnest. Quality remains quite good. There are some thoughts that the district will go long.

WC MI - Basically finished, but there might be some adjustments to numbers. Quality sustained throughout harvest

SW MI - Harvest completed.

NY - Harvest almost completed. There might be some adjustments to the production figures.

OR - Harvest done. A good quality year. **PA** - Done.

UT - Quality good. Given YTD production, likely long of estimate.
