Total	8.1	296.4	0.2	296.6	264.4	286.0

NW MI - The production is winding down pretty quickly. A few handlers will continue into Week 9 with processing, but production should be relatively light. It looks as though production will be very close to 140 million for the district.

WI - Harvest continued in Week 8. There may be additional production reported in Week 9, but this will not be a large amount.

Harvest Complete - SW MI, WC MI, NY, OR, PA, UT, WA. There were some corrections and reallocation posted in Week 8 as expected.
