**Harvest 2009:** We cannot yet say that harvest is done, but we are close to being done. The rest will be light. Please note the column “Total Prod”, above, sums “2009 YTD” and “Diverted YTD”

**NW MI** - This week was mostly Balaton harvest. There may be a small amount of cherries delivered in Week 10. Diversions are finishing, as well.

**PLEASE NOTE:** There may be some small adjustments by handlers to their production figures in various districts.

**REMEMBER:** Random row - some reports have been posted; we are awaiting information for others.

**FINAL RESTRICTION:** The CIAB meets Sept. 10 to recommend the final free and restricted percentages.
