NW Finished. Some additional diversion activity expected.

WA While they had a small volume in Week 7, they will have more in Week 8.

All other Districts Done. Minor production adjustments anticipated.

Diversions Again, there will be some diversion activity in Week 8. All diversion certificates should be issued in the next few weeks unless you did random row. Random row certificates are calculated on the amount of fruit delivered to the processor. These certificates cannot be issued until the processor submits its Form 2 which is due Sept. 15.
